## TIME TO BREAK AWAY LYRIC SHEET

(D. Lord/Roxxstar Entertainment Music/ASCAP 2007)

## INTRO:

All my troops

Revolutionaries

Soldiers Break away!

Come now!

### VERSE 1:

You have to go to sleep with one eye open
The rebel's on the prowl to search for victim
You got to know the rules or else it's the end
Now look at what's around you all the bloodshed
The propaganda spread the lies that dem spread
The bigotry deceit to hide the problem
Hypocrisy me me can't understand
I think about the children when will it end

### PRE-HOOK:

What is the purpose? And what is the cause? Now look all around you Everywhere's war

### CHORUS:

All my soldiers stay strong

We've been fighting way too long

It's time

Time to break away

From chains of political corruption destruction

Time to break away

From only the temporary solution

### VERSE 2:

The lion is asleep his brain is half dead
King of all the jungle caught in a web
While the people suffer he at Club Med
Truth about the matter often unsaid
Have to break the chains and rise up instead
Fear of revolution should be widespread
The constitution should be re-read
We are on a mission are you prepared?

## PRE-HOOK:

What is the purpose? And what is the cause? Now look all around you Everywhere's war

#### **CHORUS:**

All my soldiers stay strong
We've been fighting way too long
It's time
Time to break away
From chains of political corruption destruction
Time to break away
From only the temporary solution

#### SPOKEN INTERLUDE:

Brothers and sisters unite!
There's only one struggle
And it's the struggle for the human race
We're all God's children
One Jah one father above
Come now it's D.B.L.

## **CHORUS:**

All my soldiers stay strong
We've been fighting way too long
It's time
Time to break away
From chains of political corruption destruction
Time to break away
From only the temporary solution

# (Repeat Chorus)

## VAMP:

Time to break away

The chains of a world with no restitution

Time to break away

The chains of a world that's full of confusion
