### Author Quote

“Writing is a dirty business, and that's exactly why I love it. I've been getting my hands grubby with it ever since I was old enough to pick up a pencil and spell my name”

## ANGRY MOVIE GUY

Angry Movie Guy flawlessly blends witty dialogue, inadequacy, self-hatred, and a comfortable familiarity with the types of personalities that readers will connect with.

This offbeat film industry romantic comedy stars Charlie Zimmerman, an awkward film reviewer who chooses to become a sensational, verbally incontinent film critic known as the "Angry Movie Guy" in order to achieve fame and success.

When his biting review and explosive T.V. fit threatens to destroy the career of Alexa, an absent-minded fiery independent filmmaker whom Charlie has fallen in love with, he must re-examine his personal life and career.

This event serves as a catalyst for his Grinch-like personal redemption. More in touch with his feelings, Charlie relentlessly pursues Alexa like a love-struck fool while Harry; the lewd producer of his show unrelentingly plots against the budding romance using the "bad publicity" model as his tool to keep them apart. Charlie won't give up without a fight! In the end, he is able to move beyond his egocentric personality and win the heart of Alexa.

## Reviews

"A fast-paced, sometimes slapstick, film industry novel with a vibrant cast of characters." [Kirkus Review](#)

Angry Movie Guy is rich with suspense, romance and just a touch of the supernatural. Izzy's style is engaging and her imagination is boundless. Angry Movie Guy does not disappoint! [D.Ibrhahim](#)

This story was a reminder Philip K. Dick and Borges with twists of consciousness and odd realities. There was a quirky charm to the characters and events flew by in a fictional strobe lit haze. Angry Movie is a must read! [C. Perkins](#)

Angry Movie Guy is LOL humor equipped with characters you both love and loathe. [M. Larini](#)

## AUTHOR Q & A

### **Do you see writing as a career?**

I have a lot of interests. I hope to be able to explore as many as possible, while I continue to develop my voice as a writer.

### **Is there a message in your novel that you want readers to grasp?**

I would say the message is to stay true to yourself. Don't get caught up in impressing those around you and forget who you really are.

### **How much of the book is realistic?**

It is completely fictional.

### **What else are you working on?**

I'm currently working on an animated series titled, *Suffer Club*. As well, as another romantic comedy titled, *Letters to Ganesh*. Additionally, I just finished my first children's book, which I also illustrated titled: *Dr. Pookie and His Missing Thought*.

### **What inspired you to write *Angry Movie Guy*?**

I've always been intrigued by boisterous characters in life like, Simon Cowell from American Idol or Howard Stern, from the Howard Stern Show. I'm always amazed when you can openly bash someone else and be praised for it.

### **Do you have a specific writing style?**

I would like to think so... developing your own voice takes years. I believe I'm still in the process of creating my own unique style.

### **How did you come up with the title?**

The title was challenging. I changed it many times before settling on *Angry Movie Guy*. It was a title that I could see on the big screen.

## **An Absolutely Wonderful Romance in the Mainstream Media**

**Angry Movie Guy Will Make You Laugh More Guaranteed. Izzy “Isabella” Church: Actress, Singer and Writer Pens her First Book, *Angry Movie Guy*.**

NEW YORK – The publishing industry can be brutal, but it is nothing compared to the cutthroat media and entertainment industry. **Izzy Church** has an intimate understanding of each field. Already an accomplished entertainer, Church decided it was time to further her writing exploits and moved to her first novel, *Angry Movie Guy*.

*Angry Movie Guy* is a laugh out loud romantic comedy novel inspired by fiery media personalities and shock jocks, like the well-known hosts Howard Stern and Simon Cowell. Its star, Charlie Zimmerman, is a highly paid explosive movie reviewer. Zimmerman’s early career is stagnating, and the only way he keeps it afloat is to adopt a new persona. He becomes a sensationalist, shock-jock style reviewer we love to hate, known for his acerbic wit and biting film reviews. This sees his meteoric rise to fame and stardom. Though not caring a whit about the impact of his reviews he alienates those around him. In the end the demands of the media world and his teeth gnashing reviews could cost him his career and the love of his life.

*Kirkus Reviews* calls *Angry Movie Guy* “A fast-paced sometimes slapstick film industry novel with a vibrant cast of characters.”

“I wanted to create a film industry novel,” said Izzy Church, “This way people can finish my book thinking how great a movie it would make.”
