Every Minute Matters

When Seconds Count, Coordination Is Critical

Don't Depend on the Undependable— Be Ready

○ Secure, independent, high-availability platform

○ Dashboard for instant overview of essentials

○ Activation via threat intelligence; amplification via mass notification

○ Real-time tasks, real-time text, tap-to-talk voice

○ Complete, automated reporting during and after

"Not only are we using Groupdolists as a cloud library to hold and easily access a myriad of GSOC SOPs, our global operations centers now have greater agility in response to an event — notification, tracking, speed, and recovery are all enhanced."

Edward M Shubert, Senior Director, Global Security Operations Center
