This November, Michigan's premier cannabis brand, HYMAN Cannabis, teams up with legendary golfer and cultural icon John Daly for an exclusive new product line. Known for his fearless style and powerful presence on and off the green, Daly brings his bold personality to the Michigan cannabis scene with this highly anticipated collaboration, debuting five custom-crafted products under the strain "Fairway Runtz." Get ready to experience the legend in a whole new way.

Following the successful launch party hosted by HYMAN and John Daly himself back in August, anticipation for this collection has been at an all-time high. Whether you're a fan of Daly's famous drives, his uncompromising approach, or simply looking for a premium cannabis experience, this line is set to become a new Michigan favorite.

The Fairway Runtz strain is the foundation of this collection, capturing a unique profile that's both bold and smooth, much like Daly himself. The strain will be available in five high-end, meticulously crafted products: Single Sourced Hash Rosin Eclairs, Stylus Disposables, Gummies, Hash Rosin, and Pre-Packed 8ths. Each product is created to offer an elevated cannabis experience, with premium quality that is true to HYMAN's standards and infused with Daly's signature touch.
