# My Vacation Home

I will be going on vacation soon. They are a lot of fun! I will be staying in a vacation home. These homes are just like my home. Reading about what vacations are like in these homes will help me feel comfortable when I go on my trip. I will have a good time on my vacation!

Today, I am going on vacation.

I will pack important things like my clothes and toothbrush. I will pack my toys and games.

I will listen and pack anything I am missing.

I will go to the car to start my trip.

I might also go to an airport.

I will listen to the instructions while I am traveling.

During my trip, I can read, listen to music, or play games.

When I get to my vacation home, I might check into an office to get my key. Or I might be given a code to press into a keypad.

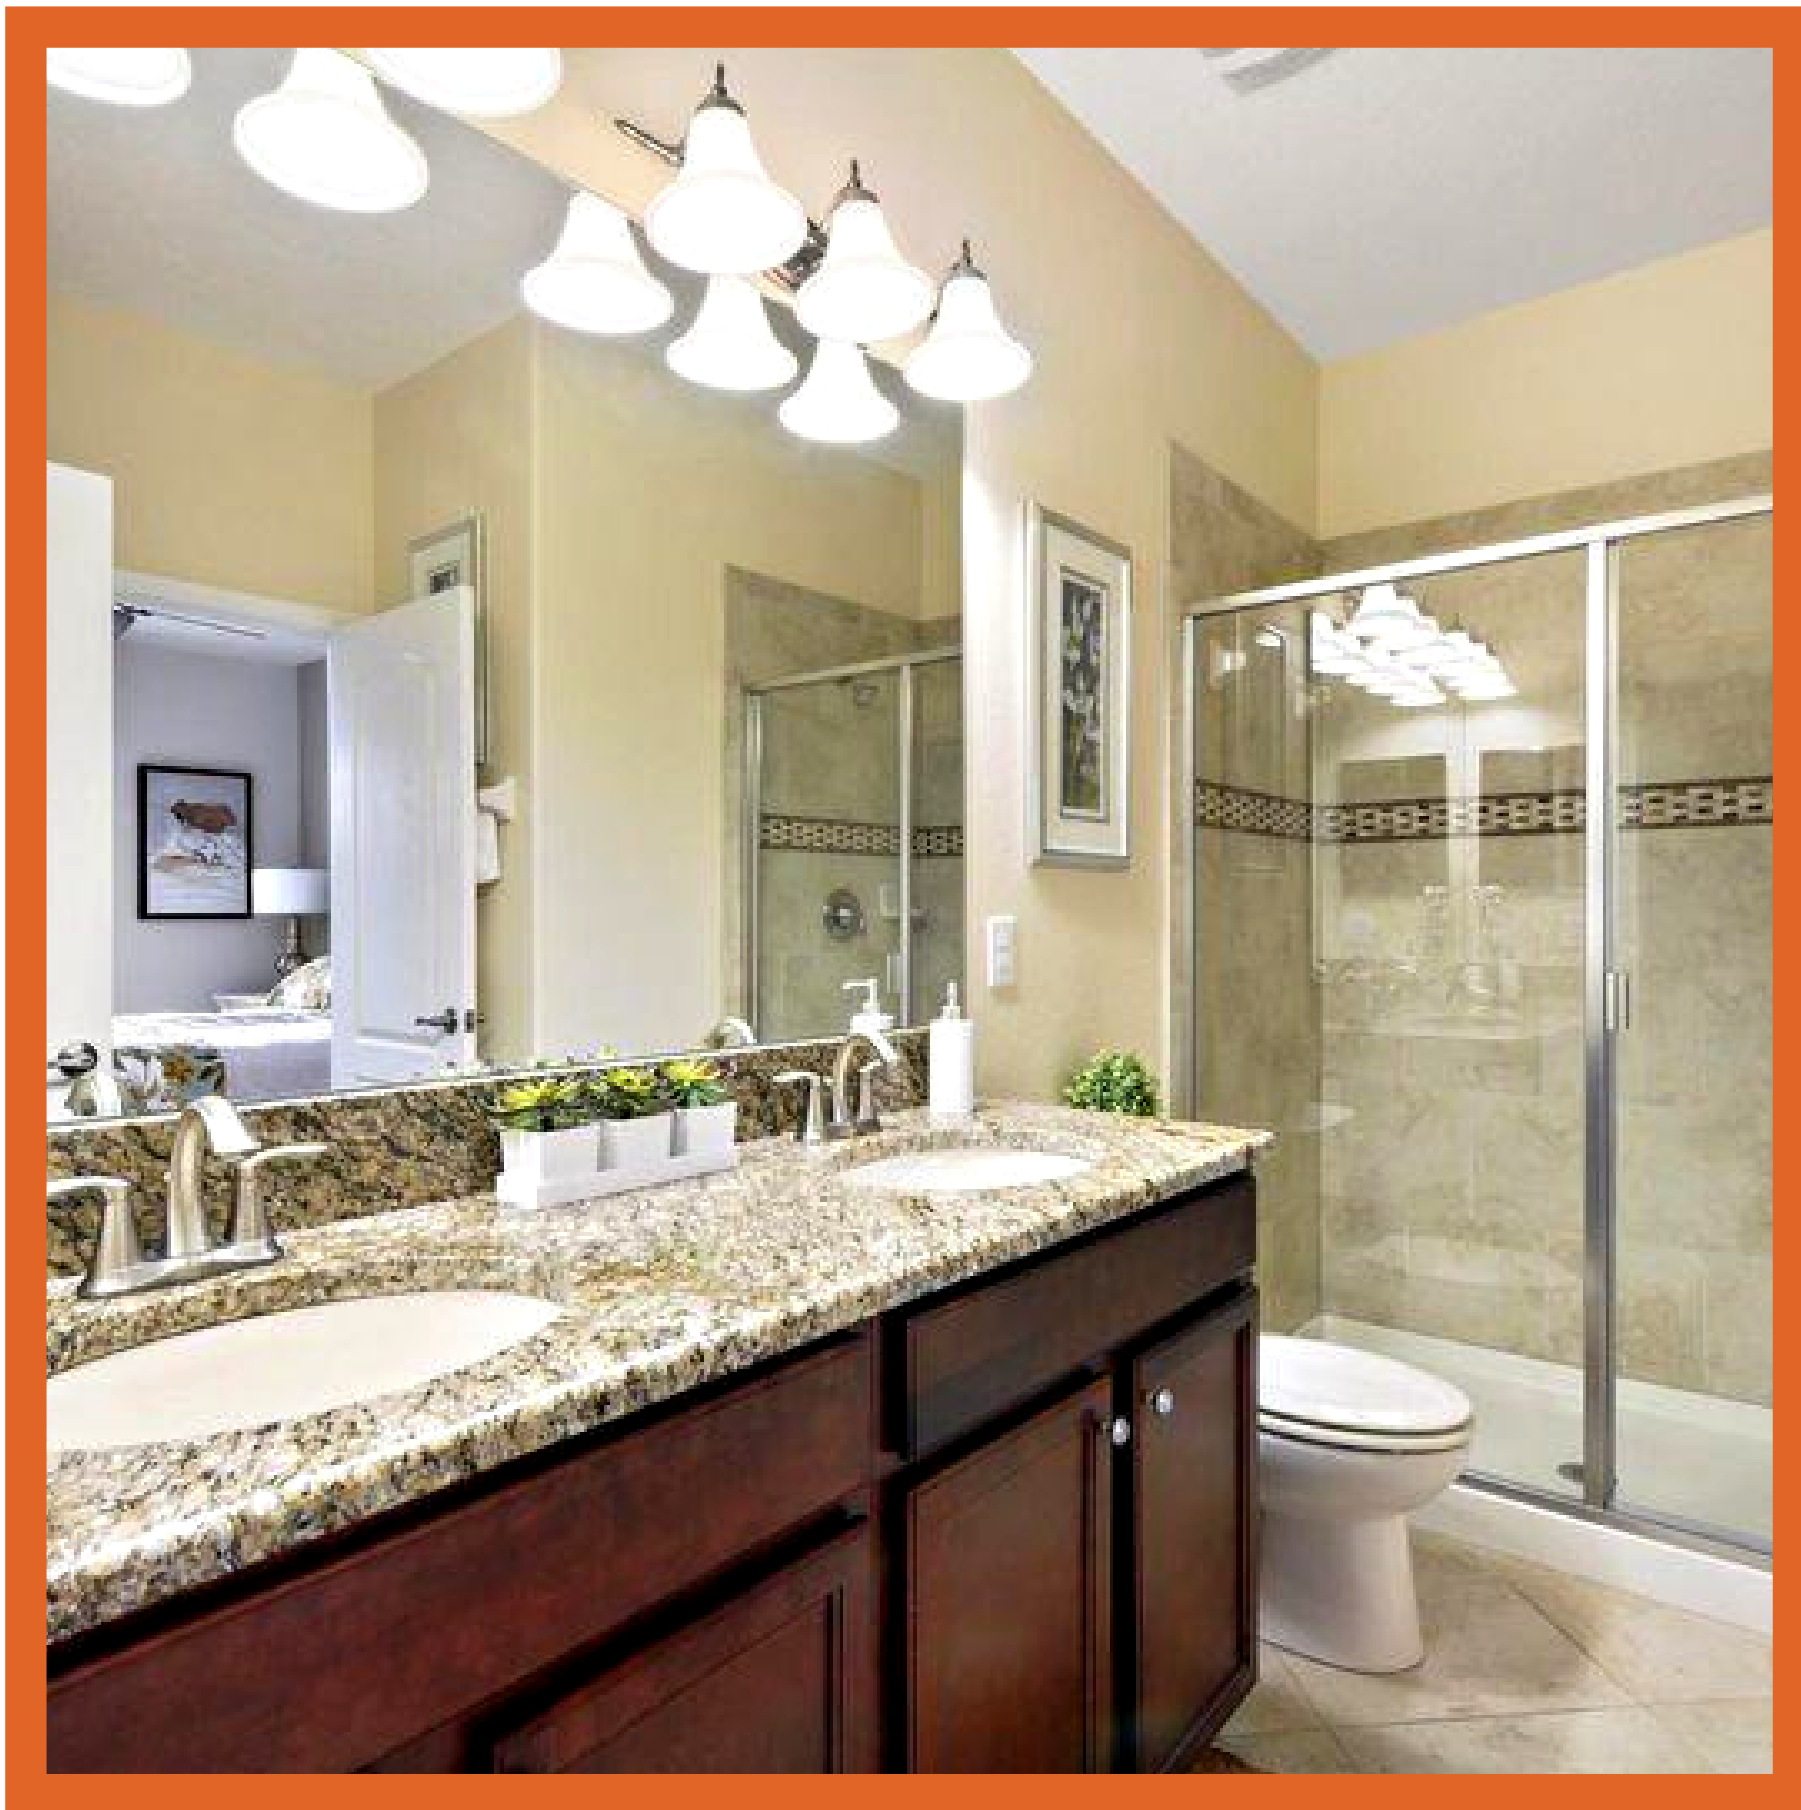

These homes are like my home. Here is my home:

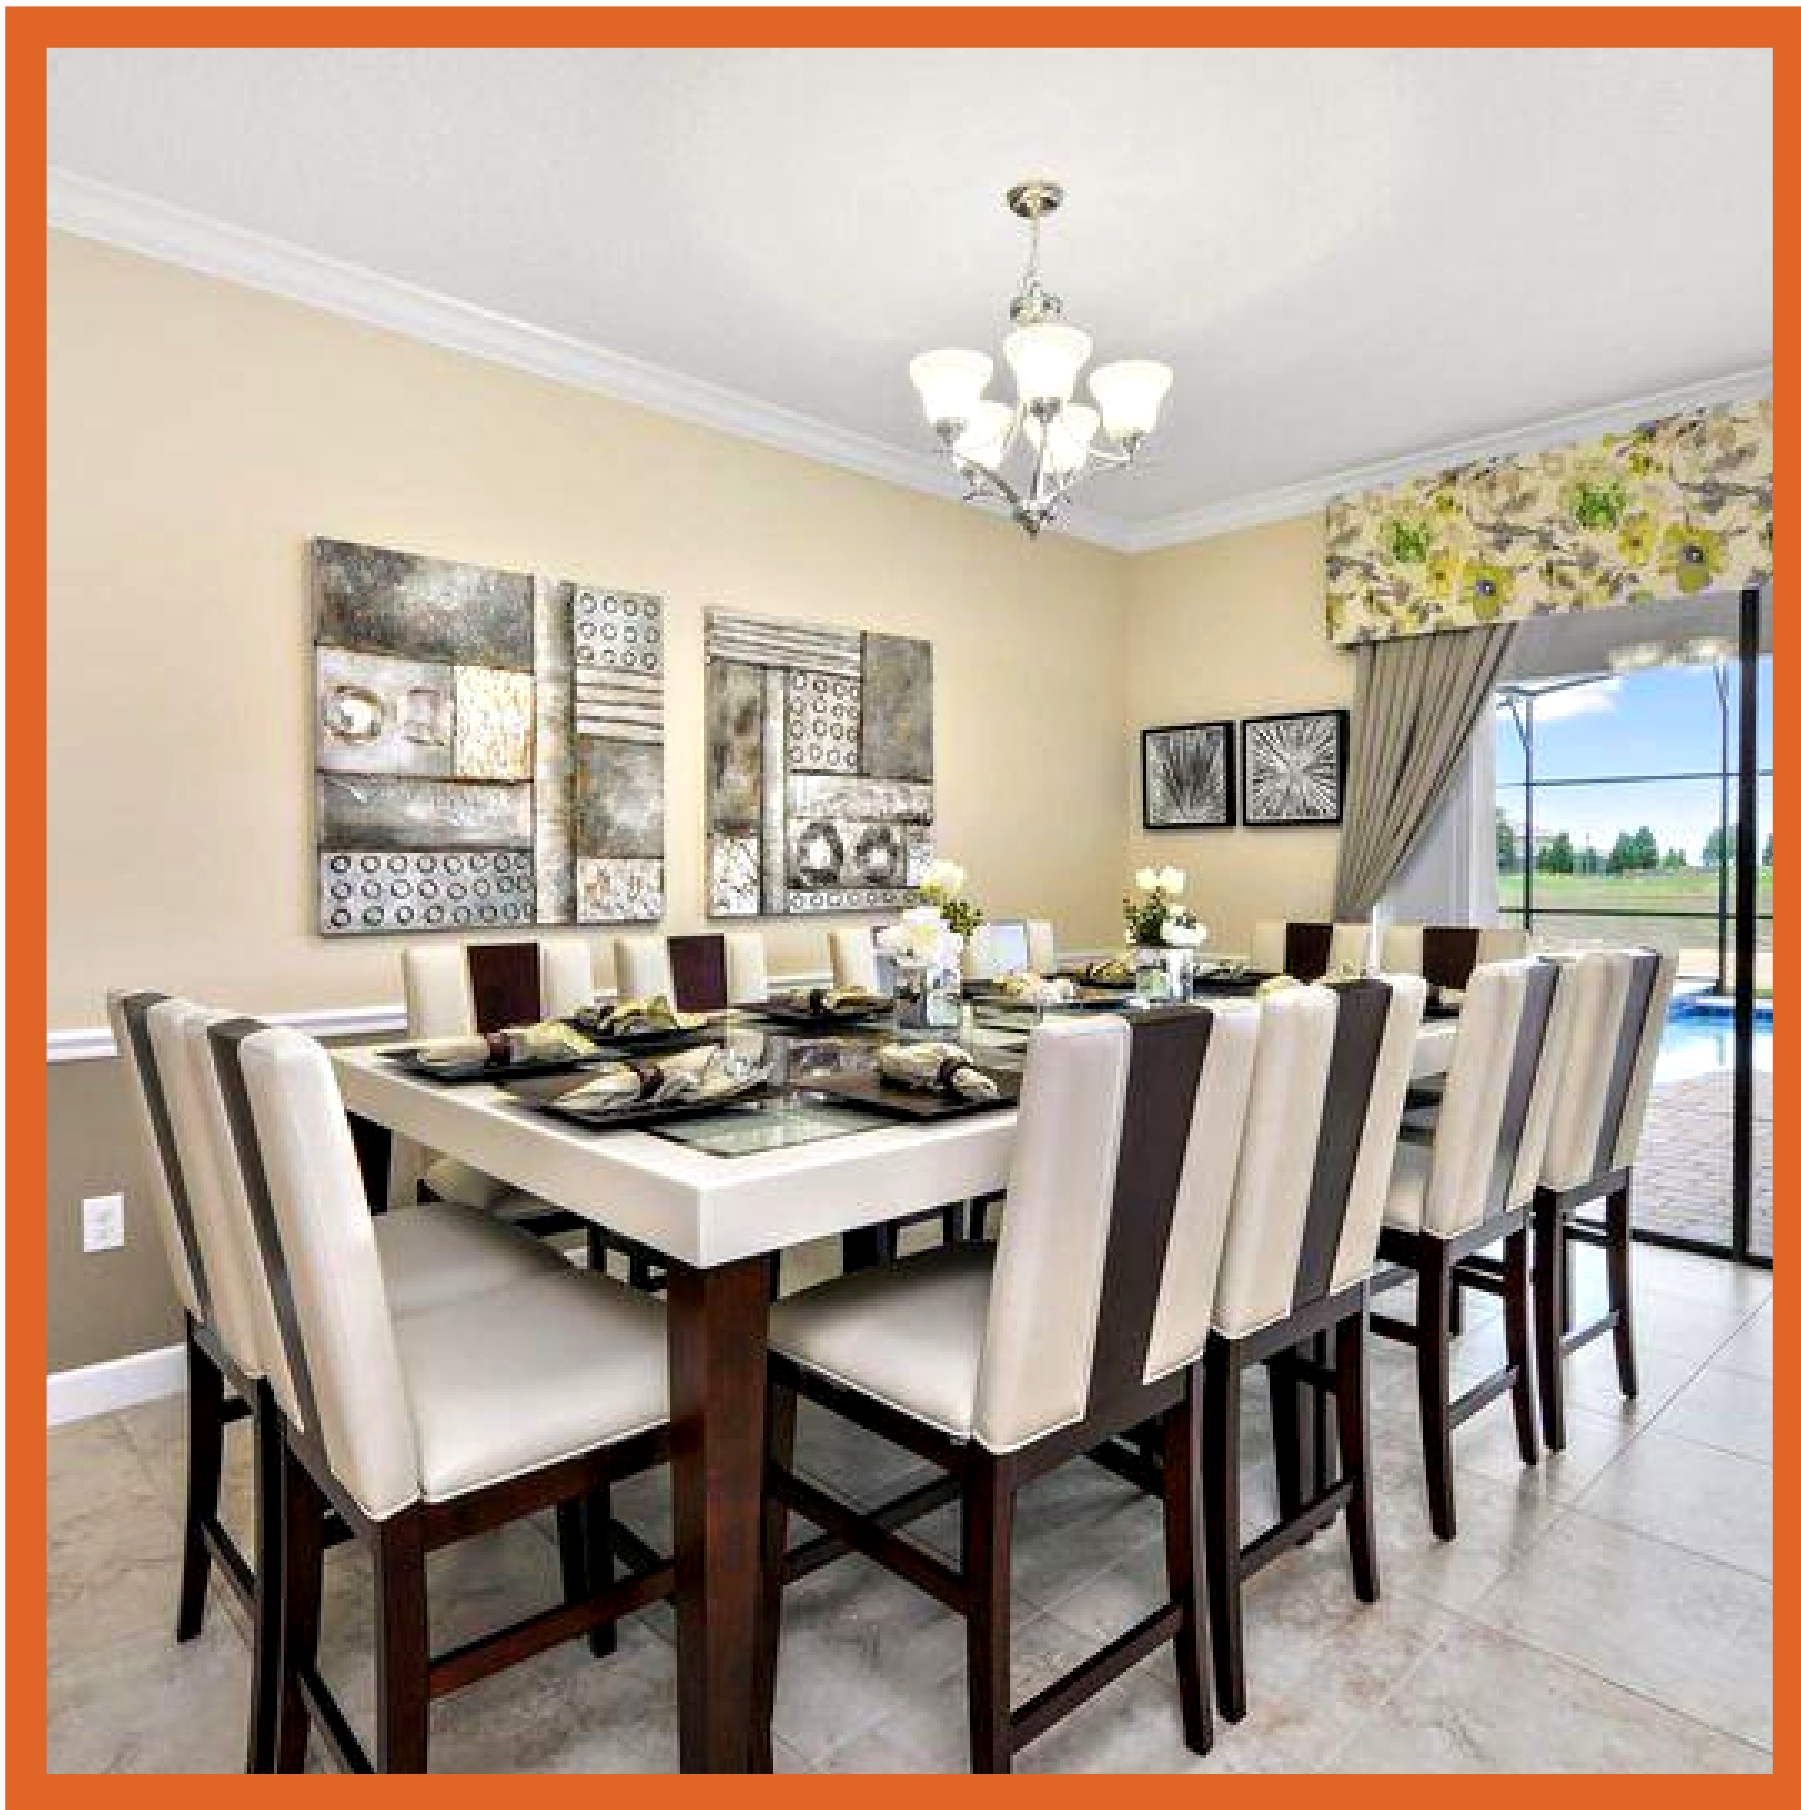

It has a bedroom to sleep in.

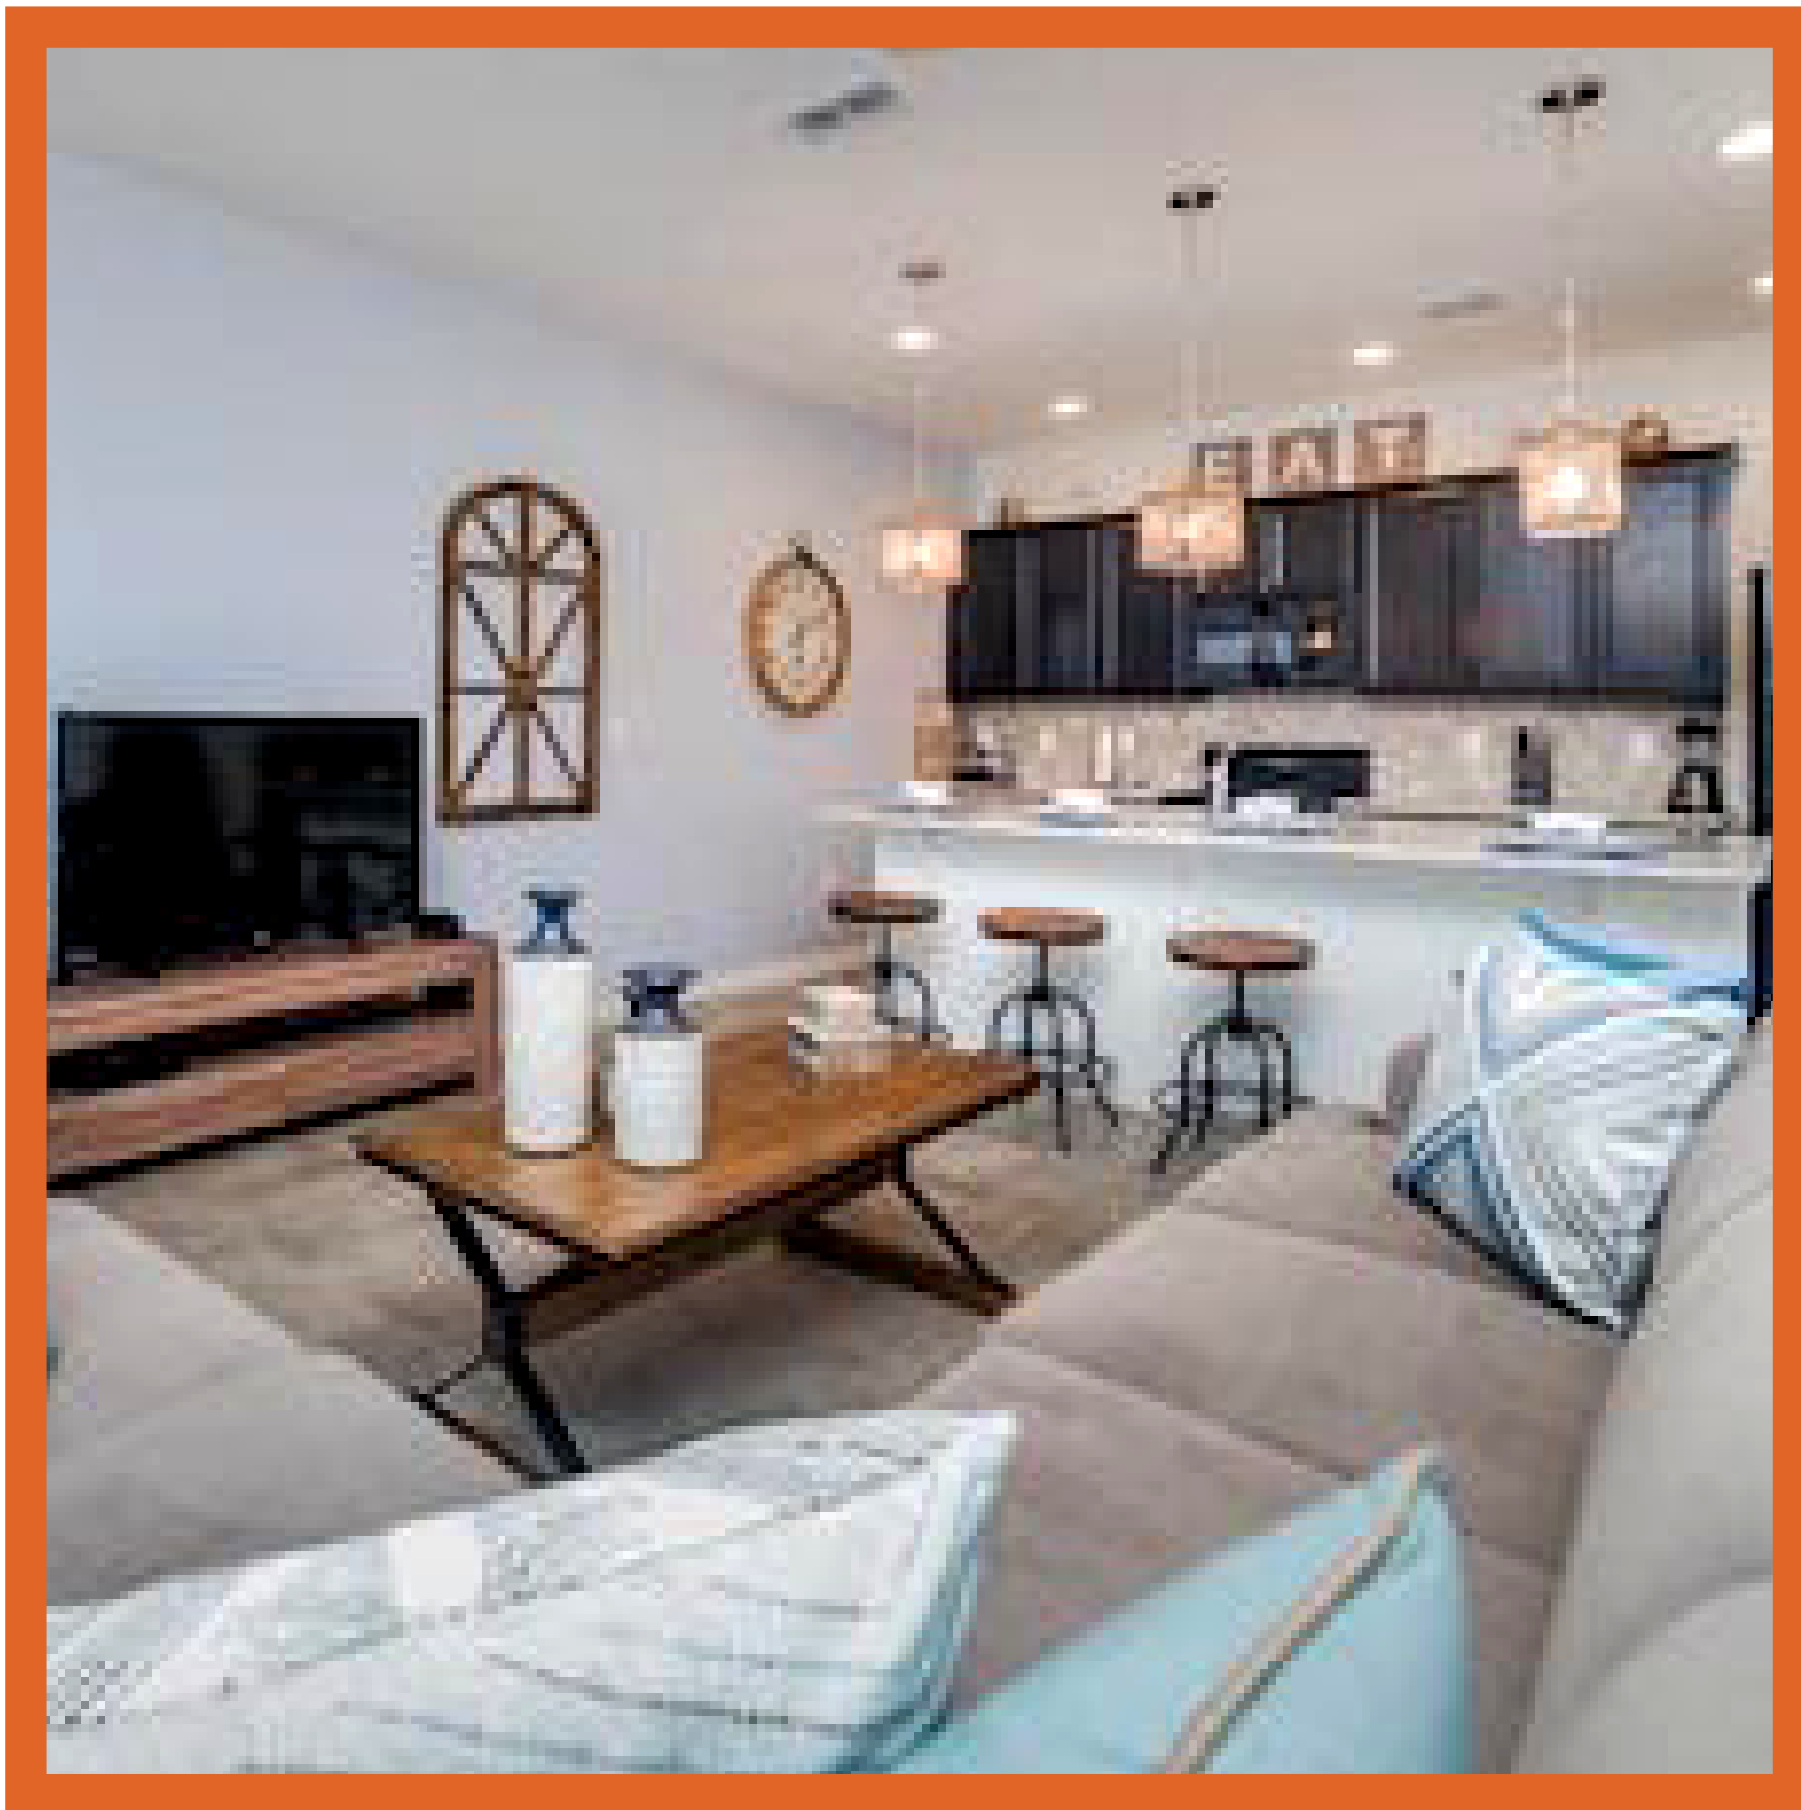

It has a bathroom to shower in.

It has a kitchen to cook in.

It has a dining room to eat in.

It has a living room to watch T.V and play in.

It might have a pool to swim in.

I will have great time on my vacation!

When my vacation is over, I will go back home.

Vacations are fun! I can't wait to go back!
