I hired Mads for Stl for a move out cleaning and was very impressed. They were the only company I could find that allowed me to [book the service online](#) and were able to give me a price without first coming to see the condo. They also had availability on Saturday. The Team arrived on time and completed the job efficiently. I was very impressed with the level of cleaning, the entire condo was spotless!

I would absolutely recommend to friends and family! Every person I spoke to was incredibly friendly, and their employee who cleaned my house was thorough, worked quickly and efficiently and was very personable and kind! The price for a first-time deep clean was extremely reasonable, and included everything other companies were charging way more for. Thank you! Our house is now ready to welcome our new baby!

The place looks/smells great! Our cabinets are organized for the first time in a long time, too. I just hope we can maintain this level of cleanliness.
