

Tribal Platforms® is a suite of **cloud-based applications** designed to improve communication, efficiency and productivity for tribal governments.

Built on **Microsoft Dynamics 365 and the Power Platform**, Tribal Platforms is designed with layered security to keep your data confidential. The **Enrollment** base application provides a centralized database at the core for cross-department service delivery.

The full suite of applications available:

Family Wellness

Family and child case management, program management with member PII security

Distribution Payments

Member payment and financial assistance management

Tribal Court

Court case life cycle management with secure document management

Community Portal

Member self-service, 24-hour access to update personal data and apply for services

Software Subscription Benefits

Mobility: Work anywhere, anytime, on any device

Security: Regular, automated software updates

Cloud Lifecycle Management: Upgrades, unlimited support and maintenance included

Capabilities: Integrations with Microsoft 365 application suite (Outlook, Word, Excel, etc.)

Feature Enhancements: Ongoing updates based on user feedback

Microsoft Platform: The application functionality benefits from Microsoft's ongoing investments
