

Opportunities

The by far easiest way to secure a place in Paradise Tulum is to acquire an off-plan property from a reputable developer.

This ensures an instant appraised value jump upon delivery. Otonomus has secured a privileged spot next to Tulum Pueblo where it is building a high-end community of just 48 super-exclusive and fully furnished units split between studios, and 1- and 2-bedroom units –provided with private swimming pools or rooftop solarium.

Otonomus

Otonomus is a one-stop solution to the hospitality industry for all its needs. The company is not only building a global chain of next-generation hotels, but also offers its management and operational expertise and technology to operators outside the Otonomus chain. The Otonomus framework is available as a holistic solution that takes in all aspect of hotel management or as single solutions that address a specific area ready for improvement.

Moreover, to assure a profitable, stress- and trouble-free experience, advanced Otonomus technology is included as a standard feature with, among many other features, smart devices pre-installed in each apartment. These allow you to manage connected devices remotely and intuitively from a tablet or smart phone. For the first time ever, guests are in full control of their environment which dynamically responds to all their personal preferences.

At Otonomus, the proprietary Kee app allows the full automation of the check in and check out process and unlocking interconnecting doors upon online payment.

Bookings are handled by Otonomus as well in a fully transparent fashion which always leaves home-owners in control of their property. Otonomus Tulum buyers receive rewards redeemable at any of the chain's hotels.

Otonomus is currently building a globe-spanning chain of premier hotels at prime locations and tourist hot spots. Construction of the company's flagship 300+ room flagship hotel is currently underway in Las Vegas
