

# MISSION: HIDE AND HELP

## YOUR MISSION

Hide your ultra-rare card in your doctor's office to help remind them to look for ultra-rare diseases.

## WHY?

Thousands of kids with ultra-rare diseases are not getting detected early enough. The earlier doctors diagnose them, the higher the chances to find the cure.

## USE THESE SLEEVES

Cut out the card sleeves below. Glue the tabs. Then slide your ultra-rare card inside.

## IT'S GO TIME!

Tell your friends about Mission: Hide and Help. Print out more sleeves and hand them out.
