PRODUCTS | FABRICS | PRICES | DIMENSIONS

Welcome

We thought it might be helpful to see our whole product range in one place, with all the options, sizes and prices listed out so you have all the information you need at your fingertips.

You'll find reference for every colour available in all three of our fabric ranges plus some handy facts about how our furniture is made, what it's made from and how best to care for it.

Of course, if you can't find what you're looking for here, you can always just give us a call - our numbers are listed on the back page. Happy browsing!

Love from all of us at Maker&Son

All about our furniture

Our vision has always been to manufacture locally rather than shipping across the world. We have carefully selected partners making our furniture in Gloucestershire in the UK, in Melbourne Australia and in North Carolina and California in the U.S. All of these businesses are family run and have at least 30 years' experience of making beautiful furniture. We chose them because we wanted to create something very different...

A typical high street sofa has a plywood frame, a simple webbing base and layers of foam padding throughout, all fixed in place with glue, staples and Velcro. A sofa like this is quick and inexpensive to make, allowing the retailer to add a hefty mark-up to cover the cost of expensive showrooms.

When you buy a Maker&Son sofa you are buying an entirely natural product. With a sustainably sourced hardwood frame (guaranteed 30 years), a handmade sprung base, wool and cotton padding, natural latex, ethically sourced feathers, jute webbing and stainless steel zips. All of this stitched together by hand with cotton thread and buttons. No Velcro, no staples, no plastics.

One added, important benefit is that natural materials like wool are naturally fire retardant which means far less use of chemical treatments to ensure compliance with the highest safety standards.

All our furniture comes with loose covers -not only does this mean that you can clean them whenever you want to, lengthening the life of your furniture, you can update the look by changing the covers, instead of needing to replace the whole piece.

Our furniture is as practical as it is beautifully comfortable.

Song Beds

With the same emphasis on complete comfort as our original range of sofas and chairs, we are very excited to introduce the Song Bed. Like our sofas, the Song Bed is upholstered in 100% natural materials and has a sustainably sourced hardwood frame, guaranteed for 30 years.

The two huge cushions that make the headboard so extraordinarily comfy are filled with locally sourced wool or, for the most luxurious feel, 100% ethically sourced down. Wool creates a slightly firmer feel and requires little plumping; down is softer (like relaxing into a duvet!) and will require a little shaking/plumping to keep it in shape.

The bed is fitted with our signature loose covers and is available in all our fabrics. Our bed is available in standard sizes and can be custom made to fit any mattress you choose.

We are working hard to find a natural mattress partner; in the meantime, do call us if you'd like a recommendation. Have a look at our website for more information and to order yours today.

Linen Cotton

Our Linen Cotton has been made by the same company in Yorkshire for over 25 years from Italian linen yarn and English spun cotton.

This fabric has subtle depth of colour and a naturally soft feel. If you prefer a relaxed, timeless look then this fabric is for you.

Our Linen Cotton is pre-washed and pre-shrunk in the mill. Linen gets softer with every wash so it gets better with age.

Care instructions:

- Machine washable 30 degrees, gentle cycle.
- Line dry or tumble dry on low heat.
- Can be dry cleaned.

Fabrics

Corduroy

Our Corduroy is woven in Italy by a specialist family company that has been using the same traditional techniques for decades. It's made from Italian cotton yarn.

This fabric comes in a range of warm colours and is beautifully soft with a traditional ribbed texture. Corduroy creases a little less than Linen/Cotton so works well for a slightly neater look. Corduroy can 'bruise' in transit, but any crease marks are easily resolved with a steamer.

Care instructions:

- Machine washable 30 degrees, gentle cycle.
- Line dry or tumble dry on low heat.
- Can be dry cleaned.

Fabrics

Velvet

Sourced from a family run Italian company, our Velvet is made from 100% cotton and has a lovely soft pile. This fabric comes in a gorgeous range of colours with real depth and gives a slightly more structured look with a really cosy feel.

Care instructions:

- Gentle dry clean only.

Loose covers

59 |

All our furniture comes with loose covers (for the bases as well as the cushions). This means you can remove and clean your covers to keep your furniture looking beautiful for years – no matter what your family, guests or pets throw at it.

It also means that it's simple and cost effective to change the look of your furniture whenever you like, with a spare set of covers.

Our covers have been designed to be really easy to take off and replace. It will take you a maximum of 20 minutes to change the covers on a Song Sofa. Cushion covers are simply unzipped.

The base cover is attached with a single line of buttons. Once these have been undone, you simply ease the cover up and off the base. When you replace the base cover, make sure that you pull down both ends at the same time and take a moment to line up the piping on each edge.

Bespoke furniture

61 |

We can make our furniture to any size. The Song Sofa and Armchair have been carefully designed to be the comfiest in the world - we recommend keeping the height and depth as they are but we can work to any width. Our standard Song Sofa is 225cm wide, our Armchair is 110cm - if you want to go longer or shorter, just ask.

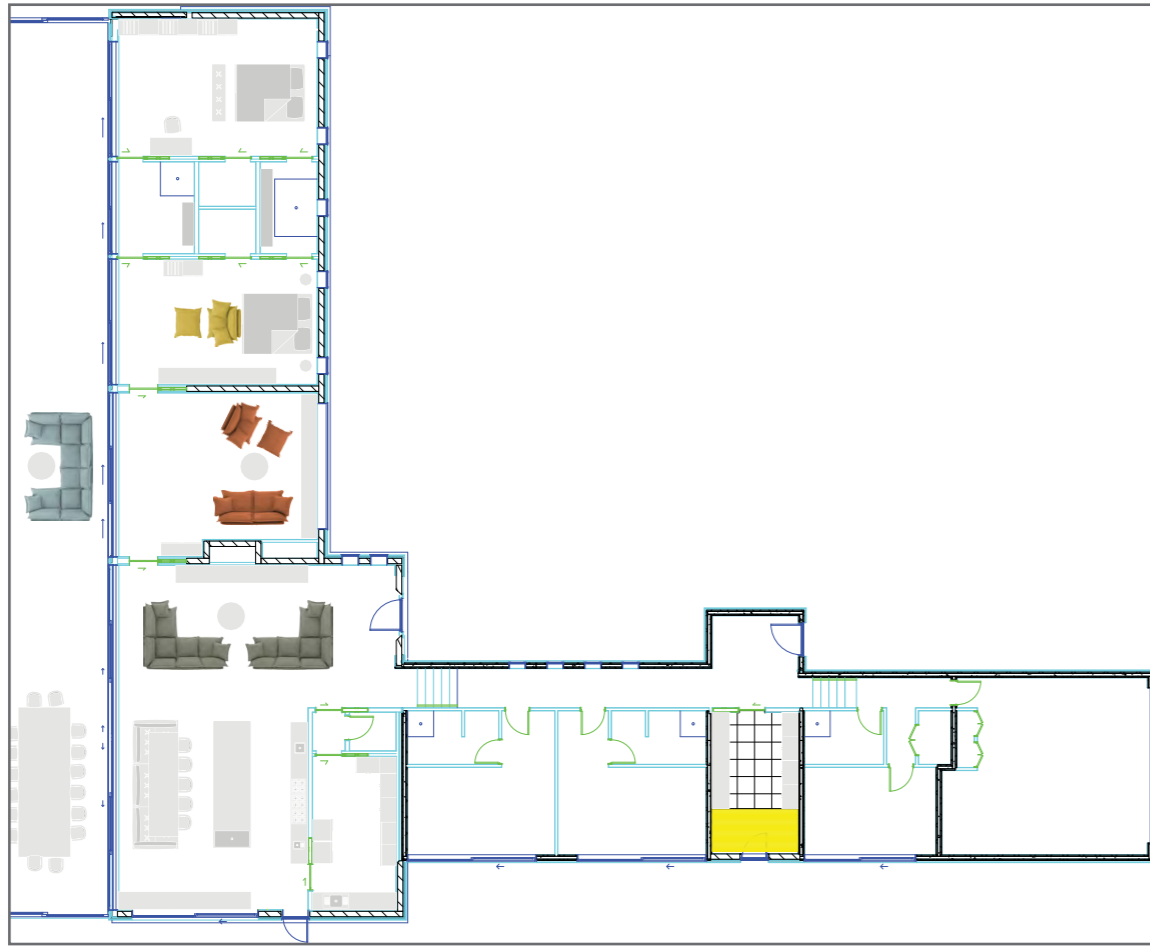

Costs are calculated according to size - special orders do come at a small premium but it's probably not as much as you think. Our lead time for standard sized furniture is around 4-6 weeks - for bespoke sizes it will be between 6-8 weeks.

We have created L-shaped sofas, super-size sofas; we've taken the arms off the sofa for a chaise style and we can do modular units so you can configure your furniture any way you choose.

If you have a specific size in mind just send us the dimensions for a quick quote. If you're not sure what will work best in your home, then our floor planning service can help.

Floor planning

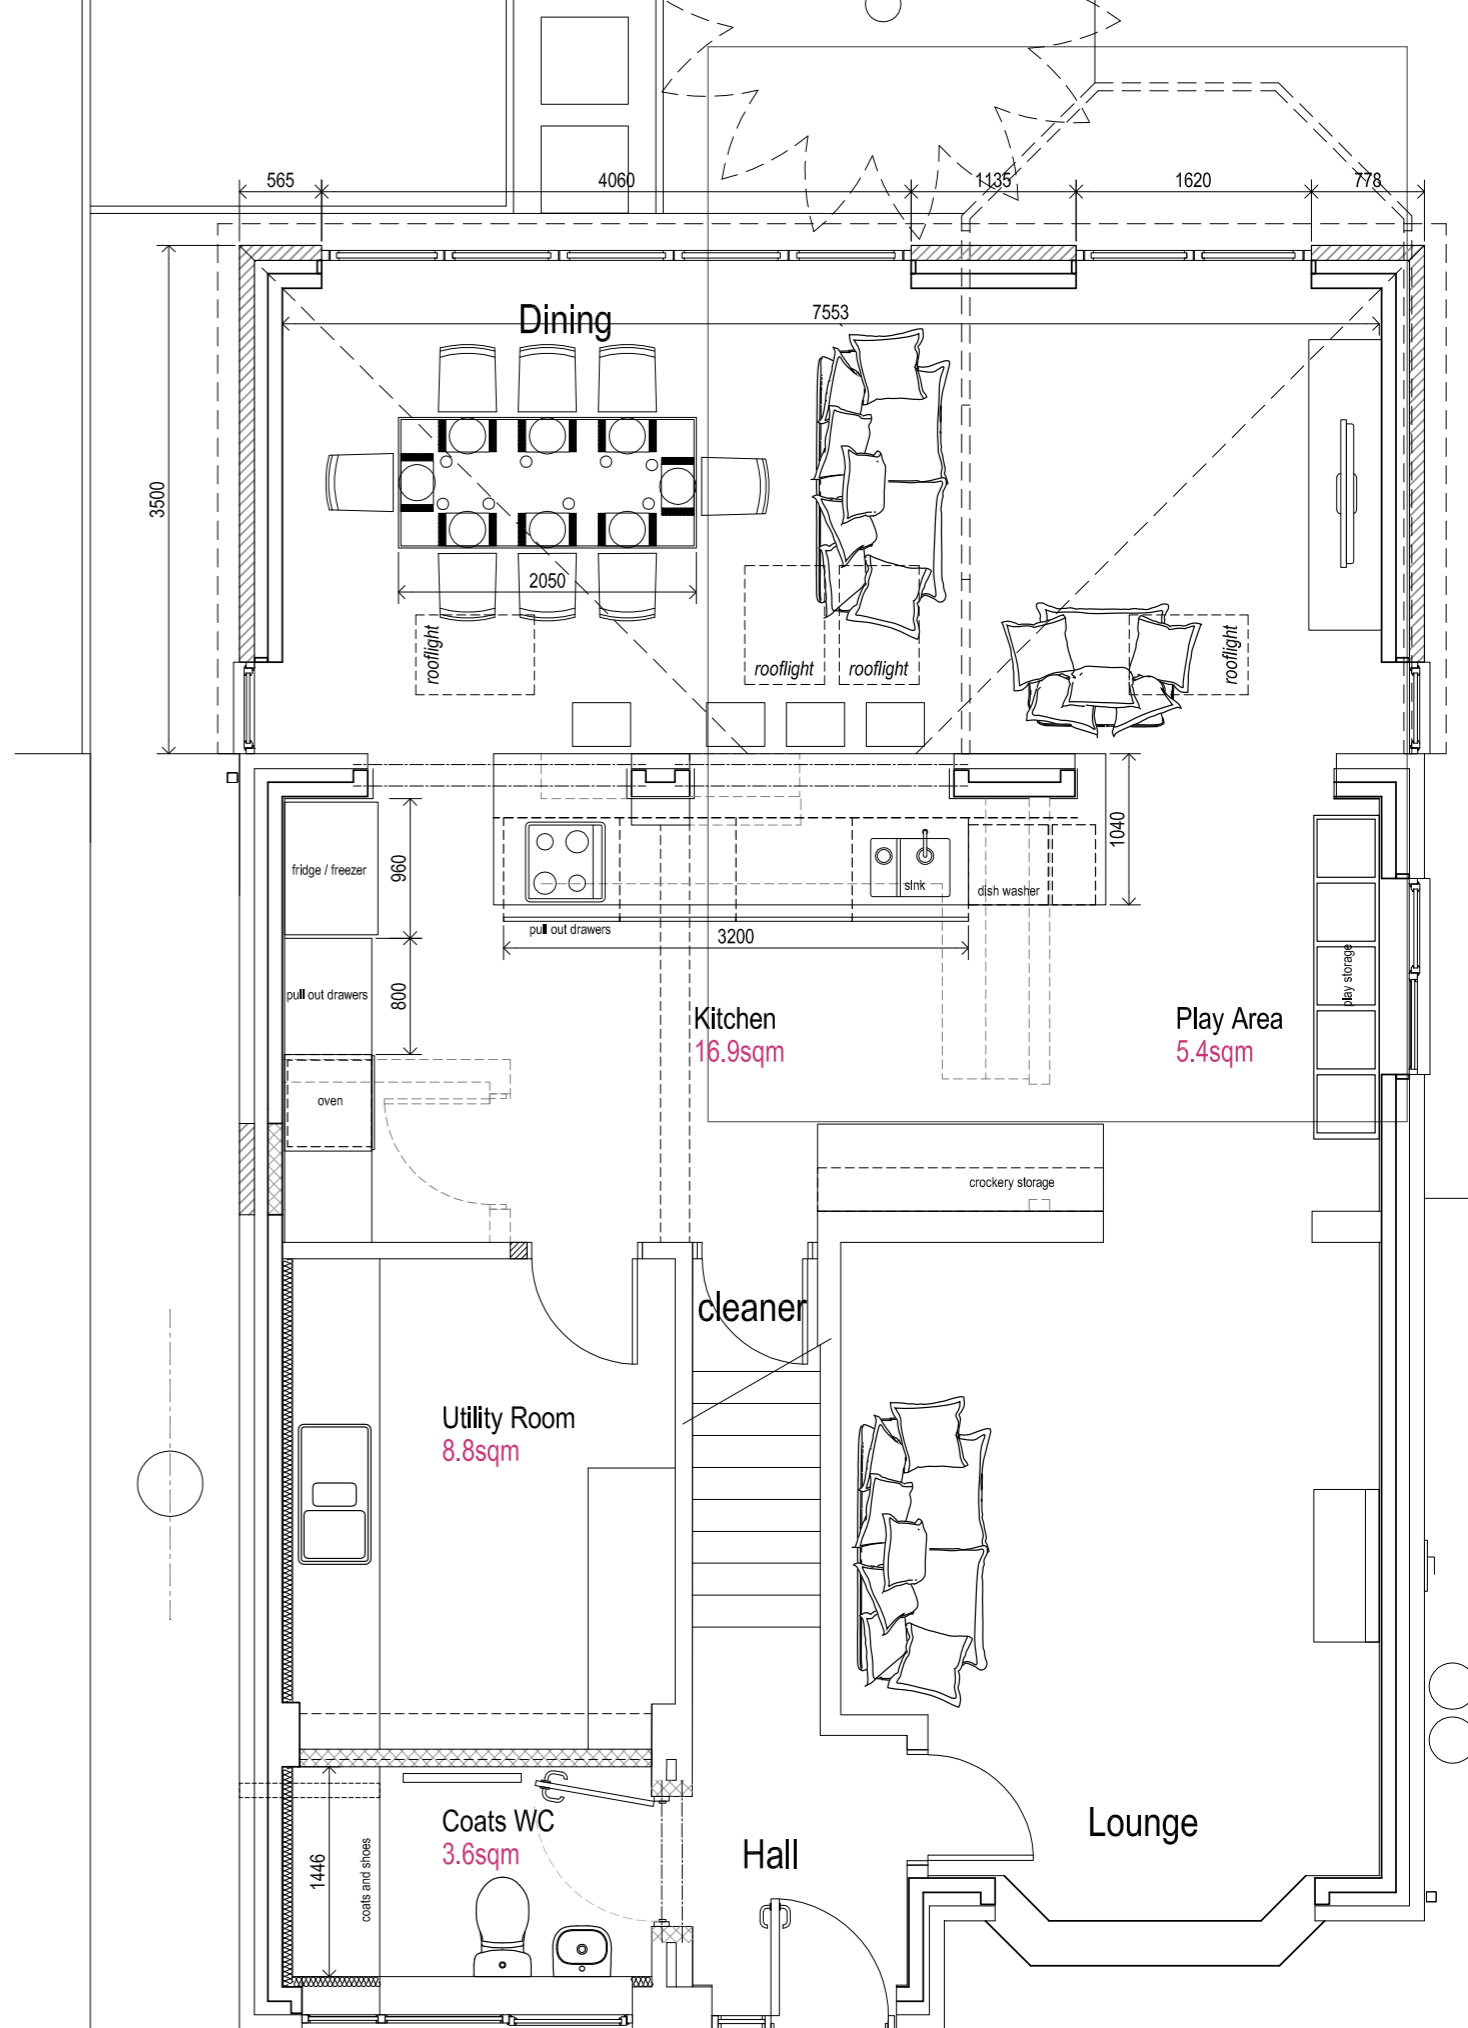

63 |

It can be tricky to work out the best configuration for your furniture -maximising smaller spaces, working with odd shaped rooms, or simply working out how to accommodate the needs of the whole family in one living room can be challenging.

We can help with our floor planning service. Simply send us floor plans if you have them, or a few photos of the room with the length and width of the space and we can create some alternate plans with different furniture configurations and relevant prices. These are a few examples of plans we've created for customers previously.

Call us on 0800 0246 100 to find out more.

GROUND FLOOR PLAN - proposed

Delivery and shipping

Our delivery partner, Perfect Group, will bring your furniture to your home, carefully carry it to the appropriate room, remove any packaging and take it away for you.

We charge a standard shipping fee of £150 on every order. When you place your order, we'll ask you about any specific requirements regarding delivery and any access issues. We'll then confirm your delivery cost.

If you would like your old furniture taken away at the same time, please let us know when you order and we can provide a price for this.

Our guarantee

67 |

We are very proud of the feedback we get from our customers when they receive their furniture - our customers do seem to genuinely love what we do and we really enjoy hearing what a difference their furniture has made to their homes and family life.

And we want our customers to continue loving their furniture for years. We make our furniture to last a lifetime, that's why our hardwood frames are guaranteed for 30 years.

If for some reason you are not completely happy with your purchase from us, let us know within 48 hours and we will arrange to collect it from you. Your payment will then be refunded, assuming furniture is returned in the same condition in which you received it. Please note that we cannot refund delivery charges.

"Creating and running Maker&Son is the most enjoyable experience I could have ever dreamed of. The best part though is when our customers tell us how much they love their sofas and chairs and how much difference they have made to their lives. We've had such wonderful feedback from all over the world, with customers telling us that they now spend more time together as a family simply because they are so comfortable. We've had couples telling us how their furniture has helped them reconnect with each other and countless others telling us that they had never known what it was like to be able to truly relax.

In many ways what we are doing is very simple; we make extraordinarily comfortable chairs and sofas from natural materials and manufacture them locally to where we sell them. We make each one by hand, using traditional methods and the finest crafts people. We sell them direct so that each of our customers can own something that will last a lifetime without 'paying for' the cost of us running stores. And we do all this with love. If that sounds a bit odd, wait until you sit in one for the first time, you'll feel it the moment you sit down and every time thereafter.

We are a family company, doing something we really love. If you're thinking about whether to take the leap and buy one from us and would like to have a chat about what it's like to own one, feel free to give us a call at any time.

We'd love to hear from you.

With best wishes,"

Alex Willcock
