

Micromatic Grinding Technologies successfully go-live with StraVis' SAP GST Solution

Hyderabad, Telangana, India - July 1, 2017 - SAP services provider StraVis IT Solutions, announced the successful go-live with SAP GST solution for Micromatic Grinding Technologies Limited (MGT), a leading grinding solutions provider.

With the passage of Bill for Goods and Services Tax, India is ushering into new era of taxations and regulatory reforms. The Government of India is committed to bring unified indirect tax structure (GST) which will subsume all the existing indirect taxes levied on goods and services by the Centre and States. This supposed to change the way Micromatic Grinding Technologies Limited doing the business. Hence MGT decided to make their SAP system GST compliant.

Micromatic Grinding Technologies has identified StraVis IT Solutions as their partner to make their SAP ECC environment GST compliant. StraVis helped MGT to successfully transition to GST which includes entire organization processes.

Sudarsan Thyagarajan, Senior Vice President, Strategic Accounts said "StraVis GST solution is one of the most comprehensive solution for any business that runs on SAP. In addition to meeting the compliance requirements of the customer, our solution also has an in-built connector (StraVis GST Connector) which offers seamless integration with GST Suvidha Provider. We assess that our customers will save over 70% of the time they will have to spend on preparation and filing of GST Returns “.

N. K. Dhand, Chairman, MGT said "Congratulation to MGT Team members along with the StraVis Team members for achieving yet another milestone in MGT's IT history!! My heartfelt Thanks & Appreciations for your relentless pursuit of living the MGT Values of “Becoming the Best”.
