Test Here Brings Same Day PCR COVID-19 Testing Sites to Dallas

Get peace of mind with test results in just 10 minutes

FOR IMMEDIATE RELEASE:

March 29, 2021 (Dallas, TX) – Concerned North Texans can now access same day PCR COVID-19 test results, along with Rapid and Antibody testing at locations in the Dallas-area from **Test Here**. Open 7 days a week, Test Here provides testing that is ultra-convenient with no prescription needed, no long waits in line or days for results. They use highly accurate Made in the USA, FDA-EUA authorized tests which look for strains and variants of the virus so you, your family, and community can feel safe and secure that you are doing your part by helping stop the spread of COVID-19.

Interested parties can [book an appointment](#) same day appointments on the Test Here website. Once you arrive to the testing location, just pull up and stay in your car. A nurse or EMT will greet you and ask for your name and date of birth. Their medical staff will explain how it works, ask if you have any questions, and administer your test. If there is more than one person getting tested, the nurse will collect one sample at a time, and then return to test each person to maintain accuracy. Results will be emailed and, if you provide, sent via text message right to your phone. No need to wait at the facility.

Test Here offers a concierge service if you would like to have them set up on site at your business, church, or school to test a large number of people at your convenience.

“With the need for different types of testing ever on the rise, I chose to move forward in my partnership with [testhere.com](#) because of the integrity of the team, the solidity of the company, and the desire to help keep our communities safe and well.” said Kathy Fielder, Test Here, Partner.

Even if you have the slightest runny nose or allergy-like symptoms, you should get tested. After being exposed to someone with the virus it can take up to 14 days to render a positive test result. Therefore, being tested more than once can give you confidence of your current condition. If you feel you’ve been exposed at work, at school or from a friend, Test Here offers convenient, quick and reliable drive-through COVID-19 testing to put your mind at ease.

Another valuable resource offered by Test Here is antibody testing. If you have had your vaccine and simply want to know if it has been effective, an antibody test gives you the peace of mind to know you are covered. Additionally, if you are getting your vaccine, a rapid and / or PCR test is advisable. With a positive test, medical professionals advise to wait before getting your vaccine as it can possibly cause you to become quite ill. Book your test date & time now to secure your spot. Bring the whole family for peace of mind.

###

ABOUT TEST HERE:

Owner Dave Wickersham is a Graduate of U.S. Merchant Marine Academy at Kings Point and Veteran of Gulf War One Operation Desert Storm. He has over 28-years' Experience in Environmental and Hazardous Material Response, Management and Operations. He launched First Call PPE May 2020 and TestHere.com in November 2020 for full range of COVID testing along the East Coast.

ABOUT KATHY FIELDER:

For the past 15 years, Fielder has manufactured Isabella Collection by Kathy Fielder, a bedding and home décor collection manufactured in Dallas, TX. This collection has sold to numerous retailers including Neiman Marcus, Horchow, Perigold, and QVC, to name a few. When the pandemic hit, Fielder reworked her entire business model to utilize her resources and manufacturing contacts overseas to bring in crucial PPE products for frontline defenders and 3-ply disposable masks for medical workers and the general public's use. In March 2021, Fielder partnered with Test Here's David Wickersham to open new Test Here site locations throughout Texas.
