*“Support our veterans' has become a mantra in American Society. It's on the lips of politicians, community leaders and people on the street, but unfortunately when it comes to “disabled” veterans, many are homeless, overlooked and forgotten”*

Operation Confidence grassroots 501 © 3 nonprofit organization advocates for our American heroes who are disabled and homeless. Our mission is to provide them with stable housing with resources and services.

On Thursday, May 30, 2019, Operation Confidence “The Invisible Heroes” presentation and panel discussion will raise awareness about the urgent need to help this forgotten population and gain your support for this worthwhile cause.

In return for our donation Operation Confidence will promote your company as the event’s official sponsor.
