

## Digital Signage for Educational Institutions

NoviSign offers a unique, easy-to-use and operate Digital Signage System, designed especially for educational institutions of all types: Elementary Schools, High Schools, Colleges and Universities. Upgrade the learning experience by adding informative and interactive screens, allowing you to publish and convey information quickly, efficiently and effortlessly.

### Upcoming Events

Increase awareness of future events planned at your school and post announcements about career services such as upcoming job fairs, new career services and open days.

### Online Votes

Let your students express their opinions and vote with NoviSign's polling system. Show results of student council elections and competitions on screen.

### Welcome Notices

Make special guests (alumni, corporate visitors, government representatives and honorary guests) feel welcome by displaying special welcome notices.

### Scheduling Changes

Inform students of changes to class schedules, cancellations and other important scheduling information.

### Global News

Automatically display news headlines from your favorite news websites using NoviSign's RSS system.

### Campus News

Update students with all the news around campus: activities, classes, competitions and more.

# Comprehensive Digital Signage Software

Manage your content from any browser on any device at any time and run it on any screen connected to a Windows, Android or Chrome OS player. Whether you have one screen or multiple screens at various locations, NoviSign system allows you to update as many screens as you wish from anywhere. Schedule your screens to change automatically – choose what content to display, how often, on which date and what time.

The NoviSign Editor (Creative Composer) is very simple to use with a rich set of features:

- ✓ Images
- ✓ Videos
- ✓ Slideshows
- ✓ Text
- ✓ Shapes
- ✓ Background
- ✓ Facebook
- ✓ Instagram
- ✓ Twitter
- ✓ News RSS
- ✓ Weather
- ✓ Clock
- ✓ URL
- ✓ Rolling Text
- ✓ Polls
- ✓ YouTube
- ✓ Prices
- ✓ Descriptions

# Real-Time Reports, Proof-of-Play and Display Status

Included with NoviSign is a full report dashboard that enables you to view the status of your digital menus easily.

<b>Proof-of-Play</b>	A list of how many times the content played and how long it played
<b>Performance</b>	All media assets that played, exposure time and play count
<b>Connectivity</b>	View connectivity status of all screens and what playlist is displaying
<b>Status</b>	Media player status, name and most recent time of content update
<b>Admin control</b>	Create sub-users with limited or full access

# Customizable Templates

Includes a wide variety of professionally designed templates for you to choose from. Available K12 templates include: Elementary, High school and Colleges. Both landscape and portrait orientations are available. All design can be fully customized to match your branding requirements.

# Template Examples

Simply select your template, adjust the text & images and then remotely send to your screen!
