# Output in HTML/ZIP format

The screenshot shows a dialog box titled "Output Option" with a blue header bar and standard window controls (minimize, maximize, close). On the left, there are two radio buttons: "HTML" (selected) and "ZIP".

**HTML Section:**

- Path:** A text box labeled "Output Folder:" containing the path "C:\Users\ZY\Documents\".
- File Name:** A text box labeled "File Name:" containing "FlipBook" followed by ".html".

**ZIP Section:**

- Html Title:** A text box labeled "HTML Title" containing "Demo".

At the bottom right of the dialog is a "Convert" button.
