FOR IMMEDIATE RELEASE

ACAP Selects CODY® as a Preferred Vendor to Support Not-for-Profit Safety Net Health Plans Nationwide

CODY® Provides Member/Provider Communications Consulting and Software, Appeals & Grievances, and CMS Audit Support

TAMPA, Fla. (April 26, 2023) – The [Association for Community Affiliated Plans \(ACAP\)](#) has selected [CODY®](#), a Tampa, Fla.-based healthcare technology and consulting firm, as a Preferred Vendor for Member/Provider Communications Consulting and Software, Appeals & Grievances, and CMS Audit Support.

The ACAP Preferred Vendor Program provides access to pre-qualified vendors to support their current membership of 79 not-for-profit Safety Net Health Plans. Collectively, ACAP health plans serve over 25 million enrollees through Medicare, Medicaid, Marketplaces, and other public health coverage programs nationwide in their mission to improve the health and well-being of people with limited resources or significant health needs.

“As states embark on unwinding the Medicaid eligibility expansions related to the COVID public health emergency, it’s been critical for Safety Net Health Plans to be clear and accurate in their member communications,” said ACAP Chief Executive Officer Margaret A. Murray. “We’re anxious to learn more from CODY’s expertise and are proud to welcome them back as an ACAP Preferred Vendor.”

CODY®, an Industry leader in Governance, Risk, and Compliance (GRC) Solutions, provides [proprietary software](#) and customized [consulting services](#) exclusively for health plans. CODY® enables over 70 government-funded, commercial, and Affordable Care Act (ACA) health plans across 50 states and Puerto Rico to mitigate compliance risk, maximize efficiencies, reduce administrative costs, and improve outcomes for plan members and providers.

“We appreciate the recognition and welcome the opportunity to become an ACAP Preferred Vendor and support the plans it represents,” said [Deb Mabari](#), CODY’s founder and Chief Executive Officer. “Our mission is to help improve performance, ensure compliance, and optimize outcomes from end to end. We take great pride in developing the most innovative technology, best-in-class consulting, and cost-effective solutions to support the operational and regulatory compliance challenges facing the healthcare industry.”

“We bridge the gap between government agencies and plan sponsors to offer a unique Enterprise solution that drives results and provides a favorable return on investment (ROI). We couldn’t have asked for a better fit. We look forward to sharing best practices, building productive relationships, and supporting the vital needs of health plans to provide affordable high-quality care,” said Mabari.

About CODY®

Founded in 2006 by Industry veterans, CODY® is a leader in Governance, Risk, and Compliance (GRC) Solutions. We enable over 70 government-funded, commercial, and ACA health plans across 50 states and Puerto Rico to mitigate compliance risk, maximize efficiencies, and improve outcomes.
