### **RAF Electronic Hardware launches new website with online catalog and on-demand CAD drawing downloads**

Seymour, CT – October 18, 2017 – RAF Electronic Hardware, a MW Industries company, is inviting engineers and project managers to visit its new website, designed to provide a user-friendly experience including an advanced interface for part search/selection, access to detailed product information, engineering data, 3D models and free on-demand CAD drawing downloads.

The new RAF website provides quick and easy access to RAF's entire range of fasteners, spacers, standoffs, handles and more, totaling hundreds of thousands of parts. Advanced filtering options help to easily identify the right component to fit any design engineering project.

Once a part is selected, users can download CAD drawings in every major format, along with specification sheets, 3D models and 2D sales drawings. CAD drawings can be dragged and dropped directly from the website into an open project.

The new website is also tailored for use on any device, from mobile phone, to tablet and desktop and offers extensive engineering data resources, guides and news updates to keep visitors informed. RAF's team of customer service representatives, and engineers are available for inquiries through the contact page.

For customers ready to buy, RAF's extensive network of distributors are listed in an easy to search database. CAD drawing files, spec sheets, and 2D drawings are labeled with the RAF part number to ensure ordering desired components is seamless and easy.

Users can visit the new site at [www.rafhdwe.com/](http://www.rafhdwe.com/)

#### **About RAF Electronic Hardware**

RAF Electronic Hardware, a MW Industries company ([www.mw-ind.com](http://www.mw-ind.com)) is the nation's leading manufacturer and supplier of electronic hardware fasteners and CNC precision turned components in a range of materials and finishes. RAF is ISO 9001:2015 Certified and is DFARS, ITAR, REACH and RoHS compliant. For more information, visit [www.rafhdwe.com](http://www.rafhdwe.com).

#### **About MW Industries, Inc.**

MW Industries, Inc., headquartered in Rosemont, IL, has been a leading provider of highly engineered springs, specialty fasteners, machined parts and other precision components for more than 50 years. The company excels at rapid prototyping and design of hard-to-make products made from specialty materials. MW Industries serves more than 23,000 customers in over 35 countries. Its 45,000+ products are sold through a combination of direct sales, catalogs and distributors to original equipment manufacturers and aftermarket customers in aerospace, medical, electronics, energy, agriculture/construction, transit, heavy trucks, automotive replacement, industrial, consumer products, and military.
