

FOR IMMEDIATE RELEASE

Sc2 Corp announces Quinten C. Stevens joins the company as Co-Chief Executive Officer, Member of the Board of Directors and Investor

Clearwater, Florida. April 5th, 2017. Sc2 Corp (“Sc2”) today announced that Quinten Stevens has joined Sc2 as Co-Chief Executive Officer alongside Robert Guidry, Sc2’s Founder, Chairman and now Co-Chief Executive Officer. Mr Stevens will also join the Board of Directors of Sc2.

A Colonel in the US Army Reserves and Co-Chief Executive Officer, Robert Guidry stated that “I am delighted that Quinten Stevens has made a decision to both invest in Sc2 through his firm, Stevens Asset Management LLC, and to assume the Co-Chief Executive Officer responsibilities. Quinten brings over 30 years of financial industry experience, as an investment banker, to our management team. He has focused on providing both strategic and financial advice to rapidly growing technology companies, such as Sc2, over much of his career. This perspective will be invaluable to Sc2 as we build our company.”

Quinten Stevens said “I believe that Robert Guidry has shown extraordinary technological vision and has created a world class set of big data analytical solutions, focused on social media analytics, that are in strong demand by both government and corporate clients. He has partnered with some of the highest quality players in the technology industry, to create a unique product offering and I look forward to continuing to build the company with him and his team.”

Former US Navy Seal and Chief Operations Officer, Dan O’Shea commented: “We are extremely pleased to have Quinten join our team. The unique combination of his financial background and expertise, combined with Rob’s technological vision and our combined experience in US Special Operations, will allow us to continue to successfully grow our company. We believe we are uniquely positioned to serve our customers and enhance their decision-making capabilities.”

About Sc2 Corporation.

SC2 Corp. (“Sc2”) provides computer systems for in depth analysis of social media sources and intelligence data. Sc2 delivers these best in class systems solutions for mission critical big data analytics to support both commercial and government customers. Sc2’s solutions are delivered on Dell or Hewlett Packard hardware, using advanced analytics from IBM, Luciad, VMware and Red Hat. We have designed and created the systems to provide intelligence and business analysts with unique and powerful tools to carry out complex analysis. Our systems combine big data ingestion technology and easy to use analysis for complex social media raw data, cognitive analytics, business intelligence systems and video analytics. The systems allow customers to capture large volumes of data and then analyze that data in an intelligent manner, enabling significantly more informed decision making. This creates a huge competitive advantage for our customers.

Sc2 systems solutions include the Human Terrain Analysis System or HTAS®, Social Insight®, Equitus® and Equitus Video Analytics®. Sc2 also designs technology frameworks, architecture and processes for joint intelligence initiatives, and complete tool-agnostic solutions for fusing and delivering big data. Our company’s expertise comes from the combination of high-intensity experience in the field of U.S military special operations and national security strategy, with our advanced technology capabilities.

Sc2 delivers and supports the following big-data analytics systems through our reseller network:

- HTAS® and Social Insight® - private Social Media Analytics solutions.
- Equitus® - pre-configured cognitive business and government intelligence enterprise solutions.
- Equitus Video Analytics® - provides cognitive video analysis and facial recognition technology.

Sc2 is a Veteran Owned Small Business. More information is available at sc2corp.com or email us at info@Sc2corp.com.

About Robert Guidry

Robert Guidry is Chairman and Co-CEO of SC2 Corp. He has more than 30 years of national security experience in Army aviation, joint special operations, and various military leadership and command positions. He has successfully held CEO positions in technology and retail, and is a recognized expert in the implementation of big data analytics and emerging technology in the government and commercial space.

About Quinten Stevens

Quinten Stevens is Managing Partner of Stevens Asset Management LLC which invests in both public and private equity securities. He has over 30 years of experience as a financial executive. He ran the Equity Division for Wachovia, where he was a member of the Operating Committee which managed the Global Investment Bank. He also managed Equity Capital Markets at J.P. Morgan. He focused much of his investment banking career in the technology, media and telecommunications industries. He holds a Master of Business Administration in Finance degree from New York University's Stern School of Business.
