LISBON (April 23, 2015) – [TemaHome](http://www.temahome.com), a global premier manufacturer and designer of fine home furnishings, presented the 2015's High Point catalog, a selection that reflects the pure expression of the brand's focus: beauty can be as much aesthetic as functional.

Rich woods like oak and walnut are coordinated with concrete and aluminium's finishes to create an industrial touch. Additional designs include comfort matte grey or cool pure white and marble finishes, resulting in TemaHome's unmistakable style.

Sleek simplicity with a distinctly bold streak, Portuguese manufacturer TemaHome has spent over 30 years mastering the mix of passion, experience, and creativity behind each of its collections of inspired and timeless forms. The designs presented in the latest catalog, by some of the most renowned Portuguese designers, such as Fernando Brízio and Filipe Alarcão, include furniture, upholstery and accessories for the living room, dining room, home office and bedroom, which are now available for worldwide deliveries.
