

What good are business discoveries if no one gets the memo?

SYNC UP YOUR ORGANIZATION: STREAMLINE NOTE-TAKING AND SUPERCHARGE COLLABORATION ACROSS ALL DASHBOARDS WITH **iinsight FOR QLIKVIEW™**.

**Enhancing
QlikView to
drive discovery**

iinsight is designed to make collaboration a snap. With *iinsight*, you eliminate the hassle of sharing QlikView trends over email and leaving your BI solution to pass along insights. Plus, *iinsight* attaches notes directly to the relevant data, making them easier to locate than with the object-driven approach of native QlikView notes. Now sharing notes and insights to maximize business discoveries is seamless and efficient.

KEY BENEFITS

Lead your team to the next level of business discovery with these unique *iinsight* benefits:

- **INTUITIVE**, easy-to-use interface features an at-a-glance LED indicator signaling that a note is waiting
- **UNOBTRUSIVE** 4-quadrant icon can be dragged anywhere
- **EFFECTIVE** framework simplifies creating notes and notifying recipients
- **EFFICIENT** all-in-one solution ensures you don't have to leave QlikView to share insights
- **SECURE AND SIMPLE CONFIGURATION** delivers easy software set-up, maintenance, and admin control
