

# BIG BOATS BY THE NUMBERS

More yachts in the U.S. result in increased jobs and economic impact!

## Yachts Visiting the U.S.

1,800 yachts visiting in South Florida alone in 2017 account for \$914 million in local, state and federal taxes.

## Repair

\$1 spent in repair = \$8 in direct impact to the local economy.

## Jobs

28,000 U.S. jobs supported by the big boat industry with the majority of employment centered on service and manufacturing sectors.

## Superyacht Fleet

Americans own 40% of the 13,000 global superyacht fleet.

## Made in America

Nine percent of the global fleet has been built in the United States. This would increase with an improved U.S. Flag.

**\$1 in Repair equals \$8 to local economy**

**\$914 million in local, state and federal taxes - South Florida alone!**

**28,000 Jobs in U.S.**

**9% of global fleet is made in America.**

**Americans own 40% of the global fleet.**
