The Ultimate Smart Speaker

The World's First Smart Speaker That Runs The App Without a Phone

Run, Browse and Play Spotify®, Apple®, YouTube® + 1,000's of other Apps

Say, Display and Play

"Hey Google, play my pool music playlist"

"Hey Google, play a Coldplay video on YouTube"

"Hey Google, what's the weather tonight?"

"Hey Google, show me the front door camera"

works with the
Google Assistant

World's Highest Quality Smart Speaker

13 Band EQ + Add-On Reference Quality Speakers + Color Display

EVERYTHING ELSE IS JUST A SPEAKER
Only AUDEA RUNS the App so you can visually browse by playlists & genres etc. without a phone.

UNIQUE FEATURES & BENEFITS

• Touch Display Runs Apps - No Phone Needed

• SoundMate 60 – Add-on 60W Amplified Speaker Shown above is AUDEA + SoundMate 60 System

• Plays ALL Music - Apple, Non-Apple & Other

• Play Your Music From Your Own Cloud Storage

• Adjust its 13 Band Equalizer The Way You Like It

EVERYTHING'S BUILT-IN - NO PHONE IS NEEDED
Browse and play music, check the News, or Control your Smart Home devices with its touch display, using your phone or with Google Voice Assistant® Use its handheld remote controller with single click control of your music.

AUDEA PLAYS IT ALL IN ANY ROOM OR AT THE BEACH
Why be limited to one music store or streaming App when you can play it all? AUDEA plays all Apple and Non-Apple streaming music Apps plus music you own from your own cloud storage or from its built-in storage.

Add more AUDEAs for multiroom music. Add a battery pack and take it with you.

LIVE THE HIGH LIFE IN HIGH DEF
AUDEA's built-in 96kHz/24 bit HD EQ DAC plays true High Def quality music.
