RINGLEAD SECURITY

RingLead Data Management Solution is now certified by MainNerve as a secure SaaS provider.

CERTIFICATE

OF SECURITY COMPLIANCE

Assessed Against NIST Data Security Standards

This is to certify that RingLead, Inc. has been assessed by MainNerve and was found to be compliant against NIST standards. In June 2017, MainNerve conducted a series of tests on the RingLead DMS web application and RingLead, Inc. security practices. These tests included:

Web Application Penetration Test - MN-CT2-WAPT-BASE-1A-0M
Remote Security Risk Assessment & Gap Analysis - MN-CT2-WAPT-BASE-1A-0M
Penetration Test – External, Gray Box Testing - MN-CT1-EXT-PEN-SIP-0M

MainNerve has determined that the overall current risk for Ringlead is rated low.

RINGLEAD, INC., Data Management Solutions
