

◆ FEATURES

- Exceptionally bright 6,600 or 11,000, lumen output
- Up to 80% energy savings compared to similar traditional light sources
- Available in 60W and 100W, 100-300VAC
- Includes 9' grounded cord and 120V plug
- Integrated carabiner type hook for quick and easy installation
- Metal guards provide safety and durability
- IP65 waterproof rating protects fixture in harsh outdoor applications
- 6,000V high voltage surge protection

Temporary LED Work Light Fixture

The Emium temporary work light is a portable, bright and durable ceiling-mounted fixture that provides 360° lighting. Unlike permanent lighting, temporary lighting is installed on a job site for a limited amount of time. This robust fixture features a metal lamp guard, tough polycarbonate housing, and an IP65 protection rating, making it suitable for damp or wet locations. The product design employs the latest in high-efficiency LED lighting technology, excellent heat dissipation properties, and voltage surge protection to deliver long life and superior performance.

Emium carries a complete line of products to meet all types of commercial needs. Our products are engineered to install very simply and make the transition from HID or fluorescent lighting very cost-effective.

50,000 hrs rated life

5 Year Warranty
