LOWCOUNTRY WHISKEY CO | PROUDLY CRAFTED IN SOUTH CAROLINA

The ORIGINAL SMALL-BATCH,
LOCAL-HEIRLOOM GINGER

PORT-SHERRY *Finish*

Finished WITH SHERRY

Our original spirit has its own original spirit. This small batch creation puts a fresh twist on classic Southern bourbon. Starting with our full-bodied Lowcountry libation, we add a touch of heirloom ginger harvested just 30 miles from where it's bottled. A single sip reveals a hint of vanilla with an ultra-smooth, well-balanced taste and sweet finish only found south of the Mason-Dixon Line.

Rewriting whiskey history one sip at a time. Putting taste above all else, this bold flavored, yet always inviting creation has the spice of a high-rye mash bill with a dash of sweetness. Built on rich layers of spices and citrus, it's mellow, smooth and well-balanced. It'll stand its ground mixed in craft cocktails, and dyed-in-the-wool rye drinkers love it straight up.

Our take on a classic American hero: bourbon. Putting taste above all else, this versatile, rule-breaking yet smooth-drinking bourbon has a sly hint of rye that always delivers the spice. Pairing its fragrant rye kick and sweet opulence of corn makes for the perfect sipping, high-rye bourbon and a foolproof foundation for any classic cocktail.
