The COVID-19 Crisis

- » The shortage of beds/bedding will be widespread according to The Harvard Global Health Institute
- » 1.7 Million Americans expected to contract COVID-19
- » 1/3 of all COVID-19 patients will require hospitalization
- » Unhoused/unsheltered populations are at greater risk

HOW CAN WE HELP YOU AT THIS TIME?

As a **proven supplier to the National Guard and U.S. Military** we understand the urgency of the current situation and the rapidly shifting demands. Featuring our proprietary SKYDEX Technology, we **currently have stock** of our modular mattress system with **easy-to-clean** components. The innovative SKYDEX Core offers unmatched comfort and durability, while the machine-washable cover offers a **clean place to sleep**.

- » Engineered to provide maximum comfort & **support in a thin, lightweight profile**
- » Made from a **highly-resilient and durable material** that performs consistently over a 10+ year product life
- » **10-years' experience supplying mattresses** for rapid deployment to the National Guard and US Army
