Spaces and Locations

Give your business the exact space it deserves. Everything we do is geared towards helping your business perform at its very best - inspiring spaces, convenient locations, and proximity to major transport routes. All our sites and facilities are in the most happening neighborhoods and

have been thoroughly redesigned, remodeled, and refurbished to provide a supportive, dynamic and safe environment to give your business a boost. They're all fresh, well-lit, well-secured, crafted spaces that make a great impression, and provide a quintessential environment to grow your company.

Value added features

Welcome to the Space Age. In such a rapidly-changing world, today's entrepreneurs should question yesterday's "givens". Do you need dedicated meeting rooms and common areas? Do you need full-time receptionists and cleaners? Do you actually need so much floor space? Do you need your own AV equipment that dates, breaks and collects dust?

Inospace spares you these questions by incorporating a suite of the most valuable services and resources for you to share. There are fully-kitted business centres, boardrooms, meeting rooms and manned reception spaces. There are even breakaway rooms, cafeterias, modern bathrooms, kitchens and overflow storage options.

inocircle

Clubbing together for mutual benefit. As an inospace client you immediately join the inocircle - a dynamic community of over 300 successful businesses across a range of industries and locations. inocircle is your key to networking events and collaboration opportunities. inocircle also offers a growing range of business benefits and cost-saving options. It's a platform for clients to

engage, explore opportunities, share resources, get bulk discounts, collaborate, and promote their goods and services. Daily support

It's more than a work space, it's a total headspace. At inospace we don't have tenants, we have clients. And our job is to keep them focused on doing what they do best. We know how tough business is and that's why we've got you covered. Whether it's bringing in solutions to make the most of your space, or introducing mentors to guide your

business, we pull out all the stops. Each of our sites has a dedicated manager to ensure everything runs smoothly, and that all your requests are professionally and swiftly addressed. Our friendly, well-trained receptionists, security, community manager and support crew are all highly capable, efficient, and happy to help.
