## Good Time

featuring Dayla Foxx & Andon

Good Time infuses multiple genres to deliver a fun filled 3 minutes and 22 seconds of musical goodness. The single fuses pop sounds and themes with a reggae, dancehall, and hip hop vibe with the end result being a modern radio and playlist friendly mid tempo track at 105 BPM. The track includes main artist OpenSoul with Andon, a pop artist, and Dayla Foxx, a London based rapper, providing feature vocals. The single is OpenSoul's follow up to his previous release, Give It To You, which also features Andon.

From a simple reggae set-up, smooth melodic beginnings, through an array of voices and melodies, an ever-immersive rhythm, and a beautifully eclectic, colourful soundscape on the whole, the track works hard but utilizes simplicity. These qualities fuse well in drawing listeners over and holding onto to their affection right the way through.
